Re: Trellis Intellectual Property Law Group, PC  
Transfer of your files

Dear Mr. Geoffrey:

In accordance with the telephone conversation that Nick Wilcockson had with John Carpenter, John has requested that Wham-O's files be transferred to him at his new law practice of Law Offices of John W. Carpenter. The former firm of Carpenter & Kulas LLP has been acquired by a new entity, Trellis Intellectual Property Law Group, PC ("Trellis").

Since all of Wham-O's files are being transferred, Trellis will withdraw from representation within the Patent and Trademark Office (PTO) and will take any other necessary steps to cease legal representation. Trellis will file Withdrawal of power of attorney and change of correspondence address forms with the PTO. All correspondence with the PTO will be henceforth directed to John Carpenter at his offices at 155 Sansome St., Suite 400, San Francisco, CA 94104-3614. Should we receive any mail from the PTO or other relevant entities for Wham-O we will forward the mail to this address. Please let us know if you would like us to take other action.

Attached please find a file status report and reminder report for your files. Please review these documents carefully and contact John Carpenter if you have any questions. Please arrange for the execution of the enclosed Revocation of Power of Attorney with New Power of Attorney and Change of Correspondence Address forms and send them to John who will file the forms with the PTO. We are removing all matters from our docket. Since this firm will no longer have any responsibility for your files we hereby disclaim any responsibility to notify you further of approaching deadlines for such transferred files.

Please sign and return one copy of this letter in the space below to indicate your receipt and acknowledgement of this letter. We have enjoyed working with you. I wish you and your company nothing but success in the future.

Please contact me if you have any questions or if I could be of further service.

Very truly yours,

  
Charles J. Kulas
